

IKF Sprint TaG Competition License Application

1. To compete in IKF insured Sprint TaG Class races (or any race using a Sprint TaG class motor as a single engine), without restriction, you must have a Sprint TaG License. A valid Shifter License or Road Racing License will suffice to compete in Sprint TaG events.
2. Until your Sprint TaG license is issued, you must start at the rear of all Heats, Semi-Mains and Mains, remembering that you are under scrutiny by the Race Officials who must attest, in writing, to your ability to operate a Sprint TaG Class kart safely.
3. To obtain a Sprint TaG License you must be an IKF Member:
 - A. Experienced racers may complete Section A and submit it to the IKF office with a \$10 processing fee to obtain a Sprint TaG license. Keep a copy to use while your application is processed.
 - B. New racers must have Section B filled out as you successfully complete your races. When you have the three required Race Director signatures submit it to the IKF office with a \$10 processing fee to obtain a Sprint TaG license. Keep a copy to use while you application is processed.

SECTION A - for experienced racers

Name _____ DOB _____

Address _____

IKF Membership # _____ Expires _____

List three individuals who will attest to your racing experience:

1. _____ Daytime phone _____
2. _____ Daytime phone _____
